

Home and Community-Based Services (HCBS) Final Rule: Monitoring and Compliance Information Session

On November 22, 2023, the Department of Developmental Services (DDS) issued a directive to support regional centers in fully implementing the federal requirements for HCBS settings, which includes residential, day programs, and employment (work activity programs & group) services. Regional centers will be conducting on-site visits to confirm HCBS compliance. During this presentation, we will be reviewing what to expect during the on-site visit, timelines, monitoring process, and compliance tool. In addition, we will discuss the results of non-compliance such as Corrective Action Plan (CAP), moratorium, sanctions, and appeal process. Please register for **one** of the information sessions.

Facilitated by
Brian Carrillo,
Provider Relations/HCBS Specialist

Wednesday January 10, 2024
10:00 a.m. – 12:00 p.m.
