Re: Alternative Nonresidential Services Model (ASDM)

Dear Service Providers,

Beginning September 1, 2020, regional centers and providers shall follow ***Directive 01-083120: Policies and Procedures for Utilizing Alternative Nonresidential Services during the COVID-19 State of Emergency*** (attached). The purpose of these policies and procedures is to permit Alternative Services that meet the individual needs of our clients, sustain the state's developmental services provider network, and continue to claim federal reimbursement for services provided to clients during the COVID-19 State of Emergency.

The ASDM applies to services provided from alternative service options as outlined in the directive and may include services that are different than the services originally vendored for including a combination of services provided remotely and in alternate locations.

The ASDM will be phased in during the period from **September 1 to October 31, 2020**. The service rate used for those two months will be the current authorized rate and average monthly attendance over the 12 months period from March 2019 through February 2020 for each client who received Alternative Services and for whom the provider followed Alternative Service Implementation guidelines as per Section V of the directive. Providers will **not** be able to bill for clients who did **not** receive service.

Starting **November 1, 2020**, providers will use a monthly rate for each client who received Alternative Services. The monthly rate will be established by DDS and will be uniform for all clients served by the provider. Providers will **not** be able to bill for clients who did **not** receive service. Further guidance is forthcoming for providers who bill under service contracts.

We will update the Service Providers section of our website as we receive updated information at: <http://www.harborrc.org/providers/directives>.

Services that are provided using the same frequency and duration as prior to COVID-19 are considered Traditional Services. Those services can be provided remotely or in alternate locations. They are not affected by this directive.

Please note that Absence Billing was suspended with an effective date of August 31, 2020. Providers who received loans under the Paycheck Protection Program (PPP) must apply those loans to absences. If loan funds are forgiven, claims shall be reduced by at least 85% of the loan amount forgiven and applied during the month of the claim.

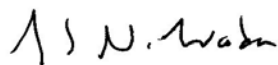

Certain services require the submission of Parental Verification Forms (DS 5862). In accordance with WIC §4686.31 (a)(3): “The vendor shall submit the completed forms to the regional center together with the vendor’s invoices for the services provided”.

Parental or legal guardian’s signature may not be required for services that were rendered via telephone, video or other electronic communication. Please indicate on Form DS 5862 the following: **“Service rendered via telephone, video or other electronic communication. We were unable to obtain parent/legal guardian signature”**.

Thank you for your patience during this transition period. If you have any questions on how to bill, please contact me at judy.wada@harborrc.org or (310) 543-0625 or HRC’s Controller Ute Czemmel at ute.czemmel@harborrc.org or (310) 543-0685 for assistance.

Thank you.

Best regards,

TO: REGIONAL CENTER EXECUTIVE DIRECTORS

SUBJECT: DEPARTMENT DIRECTIVE 01-083120: POLICIES AND PROCEDURES
FOR UTILIZING ALTERNATIVE NONRESIDENTIAL SERVICES DURING
THE COVID-19 STATE OF EMERGENCY

This supersedes the Department of Developmental Services' (Department) July 17, 2020, Directive titled, "Department Directive 01-071720: Providing and Claiming for Nonresidential Services During the State of Emergency."

This Directive outlines the policies and procedures for reimbursement of claims for providing nonresidential services using alternative approaches during the COVID-19 State of Emergency.

Governor Gavin Newsom's Executive Order N-75-20 issued on August 24, 2020, suspends Title 17, California Code of Regulations section 54326(a)(11), as applied to payments that would otherwise be made in connection with the COVID-19 State of Emergency. The Executive Order directs the Department to develop and implement policies and procedures to allow provision of nonresidential services to individuals with developmental disabilities.

Beginning September 1, 2020, regional centers and providers shall follow the policies and procedures outlined in this Directive when utilizing Alternative Nonresidential Services (Alternative Services). The purpose of these policies and procedures is to permit Alternative Services that meet the individual needs of consumers, sustain the state's developmental services provider network, and continue receipt of federal reimbursement for services provided to consumers during the COVID-19 State of Emergency.

Alternative Services do not apply to the following:

1. Services to a consumer that are able to continue as they did before the COVID-19 State of Emergency that meet the needs of the consumer; or
2. Services to a consumer that are able to continue as they did before the COVID-19 State of Emergency via remote delivery or in alternate locations that meet the needs of the consumer. Refer to Department-issued Directives regarding the provision of services via remote delivery or in alternate locations.

For the purpose of monthly reporting, providers shall use a reporting format issued by the Department. Further guidance is forthcoming.

IV. Service Rate

For September and October 2020:

- a. Providers shall use the current authorized rate and each consumer's average monthly attendance over the prior 12 months ending February 2020 for each consumer who received Alternative Services and the provider complied with Section V.

- a. Taking the total amount billed over the 12 months ending February 2020, divided by the total number of consumer months of service during the 12 month period.
- b. The total number of consumer months of service is the sum of the number of consumers receiving services each month during the 12 months ending February 2020.
- c. Rate calculations shall only include months in which reimbursement to the provider for a consumer is greater than zero.
- d. The calculation shall include adjustments for rate changes that occurred during or subsequent to the 12 months ending February 2020.

- b. Then establish the monthly rate for Alternative Services by utilizing the calculated monthly rate for providers of the same service with both similar rates as established in step one and anticipated similar utilization levels.

Prior to November 1, 2020, providers will be notified of the monthly rate for Alternative Services, along with the data and methodology used for the calculation. Providers should contact their vendoring regional center for any rate questions.

SUBJECT: ADDITIONAL GUIDANCE ON PAYMENTS FOR NONRESIDENTIAL SERVICES
DURING THE STATE OF EMERGENCY

This correspondence provides clarification to the Department of Developmental Services' (Department) [May 7, 2020, guidance](#) regarding offsetting nonresidential service reimbursement during the State of Emergency declared due to COVID-19 with other received COVID-19 relief funds.

The Department is authorizing payments to nonresidential providers for consumer absences through July 31, 2020. The Department continues to engage with service providers regarding options for coordinating, providing, and/or funding services differently. The Department will issue additional guidance regarding alternative approaches to service delivery.

Nonresidential providers should continue using alternative approaches with person-centered focus in delivering services. Providers are encouraged to maximize alternative funding opportunities for COVID-19 relief to reduce reliance on state General Fund. These alternatives may include available "payroll" loan forgiveness or reimbursement programs, including but not limited to, the Paycheck Protection Program, Economic Injury Disaster Loan Emergency Advance Program or any other similar federal or state programs for which the provider qualifies.

Claims submitted to the regional center for absence funding shall be adjusted if loan funds are forgiven. Claims shall be reduced by at least 85 percent of the loan amount forgiven and applied during the month of the claim. Example: If a provider applied for and received Paycheck Protection Program loan funds in the month of May and the loan was ultimately forgiven, the provider would reduce or amend the claim submitted for May.

All expenditure claims are subject to audit. Providers must maintain appropriate documentation of any funding received from COVID-19 relief sources and how the funds were utilized.

Consumers, family members or providers should contact their local regional center with any questions regarding this guidance. Questions from regional centers should be directed to Maricris Acon at (916) 654-2250 or maricris.acon@dds.ca.gov.
